

SECTION J
APPENDIX B
SENSITIVE FOREIGN NATIONS CONTROLS

In accordance with the clause entitled "Sensitive Foreign Nations Controls" of DEAR 952.204-71, this Appendix sets forth the requirements the Contractor must comply with during the performance of work under this contract.

1. Definition of Sensitive Country

The list of "sensitive countries" is a list of countries sensitive for diplomatic reasons and is subject to frequent changes. Countries located in areas of increased world or regional tension or those associated with nuclear nonproliferation concerns are included on this list. A list of sensitive countries, as required by DOE N-142.1, will be provided by DOE/NV under separate cover when revisions are issued.

2. Prior Approvals Relating to Foreign Nationals

1. Foreign visits and assignments pertaining to DOE programs must be in accordance with DOE Order 1240.2B, as amended, and such DOE policies as are furnished in writing to the Contractor.
- b. Prior DOE approval shall be obtained for travel to the Sensitive Countries by a Contractor employee, while his salary is directly charged to contract funds, or by any person whose travel is to be reimbursed from the contract funds.

3. Reporting Relating to Sensitive Countries

The Contractor will furnish promptly a report (consisting primarily of arrival and departure time and brief summary of the activities) to DOE after the departure of a sensitive alien employee, alien guest, or known alien visitor.

4. Non-Sensitive Foreign Nationals

Travel of non-sensitive aliens in initially reporting to work and return is not considered foreign travel so as to require approval by the Contracting Officer.
